

Dear Dr. Benchev

Many thanks for your kind invitation to participate in the XI Congress of the Balkan Society of Otolaryngology-Head and Surgery. I appreciate your thoughtfulness in taking responsibility for my expenses.

I felt that the Scientific Program set a high standard for Balkan Meetings. All of the sub-specialty areas which make up modern Otolaryngology were included. It appeared to me that the meetings were well attended as were the Social Events. The Gala Dinner was a sumptuous affair and an appropriate closing to a fine meeting. It was an honor and a pleasure for me to sit next to you that evening. I enjoyed it very much!

As I mentioned to you I always write a review of the meetings that I attend which is published in the Bulletin of the AAO-HNS and in their online version. In order for me to do so I'll need some 'vital statistics' about the meeting. For example; the number of attendees, the number of countries represented etc. A few photos of your choice would also be helpful. There is no hurry with this. Many thanks for everything and hope to see you again soon.
